Divine Healing and Escape

On the 17th of April 2016, I was diagnosed of Hepatitis B Virus, which halted my marriage counselling. That same day as I got home, I began to meditate and enquire of God. I don't want to keep on going in circles for ever on this issue of marriage. Because having tried five different times to settle down all to no avail. In my family, there has been no payment of bride price, be he male or female, no marriage! The enemy just sat on every one's marital destiny. I gave it a rigorous studious approach praying kingdom advancement prayers. I went wild into soul winning, because I understood that everything I need is in it. I pray for my voice to be registered in Heaven. I gave God reasons why I should not be sick, that am on your assignment, so am entitled to healthy living. To the glory of God, the month of July, was declared our healing month, I said to myself enough is enough. As the word was going on, I was fully persuaded that I will be healed via the communion. The following day, I went for the test, it was Hepatitis B Negative. Today my younger and elder sisters are getting married. Today, I have gloriously started my marriage counselling. The siege is broken in my family because I caught the faith fire. **Mathew 6:33** is the scripture. All glory to God of my father Bishop David Oyedepo. **Obono, D. E.**

Restoration of Marriage via Soul Winning

I got married in 2007, after having two children with my husband; my husband sent me away for no just course for seven years.

When the Wonder-Double visitation was announced, I engaged myself in it rigorously by reaching out to the lost souls, bringing them to the church, praying and fasting for them and their establishment in the kingdom. God supernaturally restored my broken home of seven years, brought my husband home. To him alone be all the glory. **Dooshima, S.**
